How to use your calendar

1. Look up your location overleaf to determine which day your bins will be collected. This will be marked as week A or week B. Tick week A or week B below.
2. Look at the calendar. If you are week A, your waste bin and your recycling bin go out on the unshaded day. If you are week B, your waste and recycling bins go out on the shaded day.
3. On the alternate weeks, your waste bin and your garden organics bin go out for collection.

By following this simple system, your waste bin will be serviced every week and your recycling and garden organics bins will be emptied fortnightly on alternate weeks.
